

Fishsticks Update

Nov 21, 2016

Fishsticks update

Mark your calendars for Feb 4 and Feb 11 2017 for the fishsticks project. We will need between 6 and 8 volunteers over those two days to help move trees to the staging area at the west side boat launch and then over the ice to three locations on the west side of the lake. More specifics later but please keep these dates in mind.
