

Thank You from the Association
May 26, 2016

Due to a joint effort between the Ridges and CLAA volunteers there is now a dock installed on the Ridges at Logan Creek property so kayaks and canoes can access the preserve from the lake.

Please thank the following volunteers for their effort: Brian Forest, Bill Hebal, Lawrie Kull, Dan Valosek, Pat Welsing and Chuck Davelis.

In addition Bob Defaut and his team are completing deployment of the buoys to ensure another safe season on the water.

It is through events with volunteers such as these that we are able to sustain Clark Lake and engender camaraderie and devotion among members of the association.
