

Lets Have A Party Polka

**Let's have a party, a party tonight,
We'll bring the music for your delight,
Roll out the barrels, spread out some cheer,
We'll play a polka for everybody's ears,
Come to the party join with your friends,
Singing and dancing 'till evening ends,
We'll drink and toast 'till the barrel runs dry,
Let's have a party, a party tonight.**
